ADDENDUM TO MACHINE PURCHASE AGREEMENT
(Buy-Out Provision)

This Addendum is made and executed on the 12th day of May, and shall form an integral part of the Machine Purchase Agreement ("Agreement") previously entered into by the SELLER and the BUYER dated May 12, 2026.

1. BUY-OUT OF EXISTING MACHINE

1.1 The BUYER, Heizel Bayangan, DVM, acknowledges and confirms that the SELLER, Labline Enterprises Inc., will receive the BUYER's existing machine, regardless of brand, model, age, or condition, for a fixed buy-out value of Fifty Thousand Pesos (PHP 50,000.00).

1.2 The parties expressly agree that the foregoing buyout arrangement forms an essential and integral part of the consideration for the sale of the new machine under this Agreement. The SELLER's consent to sell, and the perfection of the contract of sale, are expressly conditioned upon the BUYER's acceptance of and compliance with the said buyout terms. Absent this buyout provision, the SELLER would not have consented to the sale, and the contract would not have been perfected. The parties further acknowledge that the buyout arrangement is a material inducement for the SELLER and a reciprocal prestation forming part of the cause of this Agreement, and is therefore binding, enforceable, and inseparable from the principal contract of sale.

1.3 This arrangement is extended to facilitate the BUYER's procurement of the new machine under the Agreement and does not constitute a valuation, appraisal, or trade-in assessment of the old unit.

2. APPLICATION OF BUY-OUT VALUE

2.1 The BUYER agrees that the fixed buy-out amount of PHP 50,000.00 shall be deducted from the Total Contract Price (TCP) of the demo machine, amounting to Three Hundred Fifty Thousand Pesos (PHP 350,000.00).

2.2 The BUYER acknowledges that the buy-out amount is final and not subject to adjustment, regardless of the condition or usability of the machine turned over.

2.3 In the event of any breach of this Agreement by the BUYER, the machine covered under this buy-out provision shall remain the exclusive property of the SELLER and shall no longer be subject to return or recovery by the BUYER, regardless of the cause of breach.

3. BUYER'S ACKNOWLEDGMENT AND WAIVERS

The BUYER hereby makes the following acknowledgments:

3.1 Transfer and Waiver of Rights

Upon turnover of the old machine, all rights, interests, and claims of the BUYER over said machine shall cease, and the BUYER waives any right to demand its return or replacement.

3.2 No Further Claims

The BUYER shall make no further claims or demands against the SELLER relating to the old machine, including but not limited to additional compensation, valuation disputes, or reimbursement of any kind.

3.3 Disposition of Machine

The BUYER recognizes that the SELLER shall have full discretion regarding the handling, processing, or disposal of the old machine, without obligation to repair, utilize, or repurpose it.

3.4 Finality of Arrangement
The BUYER agrees that the buy-out is final, non-reversible, and non-refundable.

4. EFFECT ON ORIGINAL AGREEMENT
All other terms and conditions of the original Machine Purchase Agreement remain unchanged and in full force, except as expressly provided in this Addendum.

IN WITNESS WHEREOF, the parties have hereunto set their signatures.
